

Amendment under 37 C.F.R. § 1.114(c)
U.S. Application No. 09/285,772

REMARKS

Claims 27-46 are all the claims pending in the application.

By this Amendment, Applicant has amended claims 27, 37, 40, 41 and 44 to clarify that the claimed audio title set is not provided at the head of the audio zone. Since the claimed second control data is recorded at the head of the audio zone, Applicant submits that the claimed first and second control data are recorded in different areas. Since Endoh discloses that both of the alleged control data are recorded in the same area (i.e. the BSI in frame header 424), Applicant submits that Endoh fails to teach or suggest the positioning of the claimed first and second control data.

Applicant incorporates herein the arguments presented in the April 1, 2004 Amendment.

In view of the above, reconsideration and allowance of this application are now believed to be in order, and such actions are hereby solicited. If any points remain in issue which the Examiner feels may be best resolved through a personal or telephone interview, the Examiner is kindly requested to contact the undersigned at the telephone number listed below.

The USPTO is directed and authorized to charge all required fees, except for the Issue Fee and the Publication Fee, to Deposit Account No. 19-4880. Please also credit any overpayments to said Deposit Account.
